**Inside News** The past couple months we have readied each greenhouse for the upcoming season. Each week we have seen staff return in anticipation of the season. Ray, Angela and Ariel are teaming the greenhouses this season as Grant is moving into the nursery to join Sarah and the troops out there. The landscape crews are helping out with preparing the nursery for the stock of trees and shrubs that

are arriving daily before gearing up to landscaping.

Our little black cat, Juniper has gained a friend over the winter. We rescued a grey kitten who was quickly named Willow. She came to us quite skittish but is warming up nicely with all. The love birds and cockatiels don't appreciate it when Willow lays on their cages; with her paws gently swaying

in their cage.

After the long winter, you must check out the Rosetta (Barkman) ponds in the tropical house, the new look to our gift shop and the changes to our perennial department. Our passion to change the store up for your shopping experi-

Happy Mother's Day  
Carla Hrycyna
